

John P. Ciannello

Founder & Operator · AI Solutions Engineer + Full-Cycle GTM

john@steadfastgrowth.io · 732-215-5820 · Nashville, TN · linkedin.com/in/johnciannello · steadfastgrowth.io · appealiq.org

Good software now comes from people who can do both jobs — **build the product and win the customer**. I came up on the revenue side carrying quota as an SDR and then full-cycle AE, and taught myself to design, build, and ship production AI software. I built Steadfast Growth as an independent studio and Appeal IQ as a live CRE tax product. **I'm looking for a great opportunity to join an AI-forward team.**

EXPERIENCE

Steadfast Growth — Founder & AI Solutions Engineer 2025 – Present
Independent studio for AI consulting and GTM consulting: I scope, build, demo, and close every engagement myself. Shipped 6+ client AI systems into production across staffing and B2B GTM. Current site (steadfastgrowth.io) is geared toward local AI implementation — advise, implement, hand off. **Over \$38k closed and delivered across Steadfast Growth and Appeal IQ.**

Appeal IQ — Founder · appealiq.org 2026 – Present
Local-first AI for property tax research. The value is time, which turns into revenue: it gets the data aggregation step done faster so the firm spends less time pulling data and more time analyzing it. I sold it, built it, and installed it — including a dedicated local setup for a paying firm.
appealiq.org

Discover Praxis May 2024 – Aug 2026
Business Development Manager / Full-Cycle AE May 2025 – Aug 2026
Promoted to build the hiring-partner network from zero: 36 partner deals and \$175K+ in placement value in under 6 months. Ran demos and managed a BDR intern.

Admissions Lead May 2024 – Apr 2025
Generated \$2.4M in pipeline and closed \$420K+ in 12 months. 20+ screening calls a month; self-sourced 60 organic leads at a single conference.

Fourth / HotSchedules — Sales Development Rep Nov 2023 – May 2024
Set the team records for meetings booked in a day (6) and in a week (11). 120% average quota (246% including ramp), \$600K+ in sourced pipeline; authored outbound cadences adopted by the entire mid-market segment.

Power Locker — Operations Manager Nov 2021 – Jun 2023
Generated \$150K+ across sales revenue and investment revenue in an ops role (not a quota seat). Ran a 30+ unit vending fleet — including a remotely managed high-end fleet in Canada — landed new machine locations, managed affiliate payouts, and implemented an international banking solution.

IN THEIR WORDS

“A natural born closer... a ‘blank check’ kind of talent.”

Mitchell Earl — Business Owner · prev. CEO @ Praxis

“A Swiss Army knife — great at top of funnel, closing, and AI. Moves fast, and genuinely cares about driving results.”

Jed Mahrle — Founder @ Practical Prospecting
